

Creazione Pushes da RSS Import

PUSHLOOP

Modalità non Ricorrente

Dashboard / Create pushes from Feed

Create pushes from Feed

Here you can add an RSS feed to **automatically** generate pushes.

You need to specify the number of items to be retrieved, and after generating the draft, you need to schedule the **date** and **time** of submission or keep the **default** one (+1 hour).

Site
Select the site
Required. Name of site to send the push

Url
Write here...
